

LASER SYSTEM 1

Grab onto the system of the future!

Universal USA thinks the time has come to take hold of a great idea and make the most of the latest technology to both challenge the player and increase cash box revenues. Enter Laser System 1. As a dedicated up-right, it offers an attractive cabinet, a superior Pioneer LDV1000 disc player, power supply, and all the accessories needed to regularly update your laserdisc games, as a conversion kit, it allows the operator to convert any conventional raster game into Laser System 1. Best of all, you can offer your locations many different games simply by changing the disc, ROMs, and decals. What could be easier?

The Laser System 1 is unique in that it is a system designed to be upgraded. The LDV1000 is an advanced state-of-the-art laserdisc player configured especially for video games. Its design allows for easy cleaning and disc interchangeability. Upgrading the Laser System 1 can take as little as 15 minutes in the field, so your down time is minimal and the rewards great. All of the components are designed to provide the best game performance with the minimum

required service. Game discs will be offered as options to the system and will allow the operator to upgrade his games without a lot of hassle or expensive conversion. A change of discs and some minor adjustments and your new game is ready to start earning profits. Currently, Universal USA offers the popular "Super Don Quiz-Oie" game on the Laser System 1.

Banked number one in Game Machine magazine's video amusement game poll, "Super Don Quiz-Oie" allows the player to hone his game-playing skills while enjoying the thrill of a fast-paced action adventure story. Definitive signals, lighted arrows, and directional wording which appear on the screen aid the player in mastering the tricks of this animated game, closing up the confusion and difficulty associated with other laserdisc games on the market.

In addition, Universal USA will offer a variety of new top earning games to update the Laser System 1 every 6 months. Those include:

- "Adventure Mr. Do"
- "Time Slip"
- "Wilderness Kingdom"
- "Adventure in Middle Earth"
- "Space Dracula"

So what are you waiting for? Laser System 1 is the technology of the future. Universal USA offers you the chance to grasp it now!
